

Beard on Food: The Best Recipes and Kitchen Wisdom from the Dean of American Cooking

In Beard on Food, one of America's great culinary thinkers and teachers collects his best essays, ranging from the perfect hamburger to the pleasures of oxtails, from salad dressing to Sauce Diabla. The result is not just a compendium of fabulous recipes and delicious bites of writing. It's a philosophy of food—unfussy, wide-ranging, erudite, and propelled by Beard's exuberance and sense of fun. In a series of short, charming essays, with recipes printed in a contrasting color (as they were in the beloved original edition), Beard follows his many enthusiasms, demonstrating how to make everyday foods into delicious meals. Covering meats, vegetables, fish, herbs, and kitchen tools, Beard on Food is both an invaluable reference for cooks and a delightful read for armchair enthusiasts.
