

Malt Whiskey Yearbook 2006

The usually turbulent world of malt whisky can currently be said to be more turbulent than ever. The Malt Whisky Yearbook makes sure readers are well-informed about what is happening, as it recounts the latest news from the world of whisky and includes many lesser-known facts about the distilleries. A unique and detailed 160-page section on malt whisky distilleries covers Scottish and Irish distilleries in detail, presents the latest news on Japanese malts and thoroughly examines world-wide distilleries from Tasmania to Finland. There are also features penned by distinguished whisky personalities such as Helen Arthur, Michael Jackson, Charles MacLean and David Stirk. People from the business share their expectations for 2006 and retailers give advice on which malts to buy. Also included is a comprehensive section on whisky literature, the latest statistics, a whisky chronology from the 1600s onwards, lists of independent bottlers, retailers, websites and much more. Finally, with 450 colour photographs, some of them previously unpublished, Malt Whisky Yearbook is as much an essential reference guide as an enjoyable read.
