

Shadow Lord (Star Trek: The Original Series Book 22)

Angira is a primitive, violent planet -- and young Prince Vikram returns from Earth filled with new ideas. When Sulu and Spock accompany Vikram home, they walk into a bloodbath: reactionary forces, afraid of any modernization, have seized Vikram's rightful throne. Suddenly the men from the Enterprise are on an underground journey with a Prince who is coming of age. The future of Angira is at stake, and each man's survival depends on his skill -- and daring -- with a sword!
