

The Reaper Virus

Richmond burns once again but this time it is caused by a deadly virus, quickly dubbed the Reaper Virus, that is ravaging and reanimating all it encounters. This agent of the apocalypse breaks through the boundaries separating life and death while demonizing the afterlife. Havoc is ferociously wrought upon every corner of the globe by the infected hunger. Trapped at his dispatcher desk in a campus police station, Nathan is determined to do whatever it takes to return to his family. Betrayal, murder and the countless undead surround Nathan as he makes his way through the unknown darkness of his city back to what he hopes waits for him at home. Testing humanities limitations, THE REAPER VIRUS, takes you on a quest for survival in a world destroyed. The story brings death to your doorstep and causes you to question your own drive for survival. You will be forced to answer the question: if the world ended today, what would you really do to see your loved ones again?
