

# In Bear Country: Adventures among North Americas Largest Predators

An intimate look at North Americas largest predator. Award-winning writer Jake MacDonald examines the history and behavior of the three species of North American bears: grizzlies, black bears, and polar bears. Perceptive and profound, In Bear Country draws on his personal experience and others, telling an absorbing story about the place bears occupy in our world and our place in theirs. Part memoir and part natural history, it is MacDonalds compelling meditation on bears and the people who live alongside them.
