The story of humanity's struggle against dead gods from beyond the stars is not yet finished. These gods call themselves the Masters and it was they who unleashed their weapon, known as Legion, upon the world. Humanity was decimated, a doorway between their abyssal prison and our universe was opened. For the first time in countless millennia, the Masters once more walk the Earth. Colin and his son Torrin struggle to make sense of the Wardens mysterious message as a new threat makes itself known. In this brave new world of darkness and insanity, the Masters own the Earth. What they dont know is that something else followed them into our universe. When dead gods dream, he is the subject of their nightmares. The battle is lost, and the sun sets for the final time. The war however, rages on in book four: The Longest Night. ULTIMATE INTENSITY is IN Front Of YOU!
