

72 Hour Hold

Trina is eighteen and suffers from bi-polar disorder, making her paranoid, wild, and violent. Frightened by her own child, Keri searches for help, quickly learning that the mental health community can only offer her a seventy-two hour hold. After these three days Trina is off on her own again. Fed up with the bureaucracy and determined to save her daughter by any means necessary, Keri signs on for an illegal intervention known as The Program, launching them both on a terrifying journey.
