

Jimmie Barnes

Jimmie Barnes is dying. After an incredible 132 years of life, his time is short. Jimmie has one mission, unfulfilled - the return of his fathers hard earned 40 acres, awarded to the slave soldier at the end of the Civil War. Over the decades Jimmie approaches the rich and famous, including all the American Presidents from Grant to Reagan in a quest to have the land returned. He makes one president cry (Nixon), helps kill another (McKinley) and accepts the brotherhood of an unlikely ally (brother Ronnie Reagan). Will Jimmie finally get back the 40 acres? A readers review: Jimmie Barnes is similar to the style of Forest Gump, minus the guile and innocence. Rage, injustice and racism in all its true colors are depicted from the main character to the behind the scenes players. The game of politics in a scary and grim light, makes you wonder is this fiction or closer to the truth than you want it to be?
