

Sophomore Freak (Reject High: A Young Adult Science Fiction Series Book 2)

Sophomore Freak is the second book in a best-selling, young adult fantasy fiction series. **NORMAL IS OVER** The school year ending with Reject High's destruction was enough for Jason Champion. Summer break meant lots of time to split between his girlfriend Sasha and best friend Rhapsody. That is until predictions of a solar storm arrive, one unlike the earth has ever seen. Sasha tells Jason the sun's rays may affect his invulnerability and strength, while a mysterious new enemy is possessed with the belief that whoever absorbs the radiation will become immortal. With no other options and their enemies drawing closer to their goal, Jason and his friends join forces with the Collective, a group that has guarded the origin of their power for a century. Its members think the storm will cause an explosion killing millions a price none of them are willing to pay. The second installment in a young adult fantasy series, *Sophomore Freak* combines engaging characters inside of a page-turning, breathtaking adventure. Equal parts sci-fi, fantasy, and action-adventure, *Sophomore Freak* is a breathtaking page-turner written from the perspective of Jason Champion, a 16-year-old teenager with rage blackouts and a penchant for getting in trouble. Brian Thompson writes science fiction for both young adult and adult audiences. He is a celebrated writer, educator, and former journalist. He is also the author of speculative fiction/science fiction thriller *The Anarchists* and the third installment of the Reject High series, *Forgotten*, due in summer, 2015. Book 1: *Reject High* Book 2: *Sophomore Freak* (June, 2014) Book 3: *Forgotten* (summer, 2015) Book 4: *Champion, Immortal* (2016) Young Adult Science Fiction Categories >Science Fiction Book for Teens >Thrillers for Young Adults >Young Adults Action Adventure
