

What Kind of Fool?: A Science Fiction Comedy (These Foolish Things Book 2)

Phil is back, and now hes squirt-capable! In Book II of this Science Fiction Comedy Thriller Series, Phil and the gang are back, and so is Millie. This time, she means to make Phil pay for his role in preventing her becoming the richest little alien in the Universe, and she will put the balance of the Universe at risk to achieve her aims. In a tale where Phil becomes Spiderman, Sam becomes Phil, and Julie becomes a convict, Millie sets her dastardly plans in motion. Can Phil really survive hanging by his fingertips above a seething river of magma? Can he save his sister from 15 years imprisonment in Gotcha? Is Mandy really going to get physically intimate with him? Or is it just another interrogation technique? Will Sam actually put aside his tin hat, face-paint and ice-packs? Will he really go to work for the Lord and Order AI? Why would anyone think they could kidnap Phils mother and survive the experience? How does Millie end up giving away puppies? What is the sound of Willow on flesh? What are those Giants doing, sitting there with their floaty clothes and poor grooming? All these questions, and many more, will be answered within the pages of the second book in the These Foolish Things SF Comedy Thriller series. And you can be sure that breasts will pop up when least expected in this unusual First Contact narrative.
