

Double Blind (BattleTech)

Using fast and furious hit-and-run tactics, Marcus GioAvanti and mercenaries have earned a tough reputation throughout the Inner Sphere. But the Inner Sphere isn't where their newest job is taking them because their latest employer resides in that remote and mysterious region of space known as the Periphery. Marcus and his Angels will have to face the real force behind the hostility—the religious cult known as Word of Blake. This fanatical group has a scheme deadly enough to trap even Avanti's Angels.
