

Loyalty & Respect 4

Thinking that everything is good between them and they can focus on rebuilding their often turbulent and violent relationship, Tania and Nico work on their marriage. However, Tania learns more secrets from his past and decides to take matters into her own hands. After being caught with Smoke, Tania flees to California to escape Nicos wrath. Nico taunts her via the phone for weeks before showing up in California at Tania's home. The love between them is so deep, they agree to attend marriage counseling. Things become good between them again and they return to Chicago. Thinking that Nico has changed his ways, Tania soon finds out that he hasn't and takes matters into her own hands. Has Nicos lies and betrayals turned Tania into a cold blooded killer?
