

Saving the World (The Best of Maximum Ride)

This new incarnation of the multi-million copy-selling Maximum Ride series is the perfect way to discover the blockbuster adventures of a heroic flock of winged kids! This second volume contains the full story of the book originally titled *Saving the World and Other Extreme Sports* and features a full chapter of new material that bridges this story and *The Angel Experiment*. The time has arrived for Max and her winged flock to face their ultimate enemy and discover their original purpose: to defeat the takeover of Re-evolution--a sinister experiment to re-engineer a select population into a scientifically superior master race...and to terminate the rest. Max, Fang, Iggy, Nudge, Gasman, and Angel have always worked together to defeat the forces working against them--but can they save the world when they are torn apart, living in hiding and captivity, halfway across the globe from one another? It's the second installment of an epic tale that races, rocks and rolls toward an astounding apocalyptic event in the fourth volume, *Nevermore!*
