

Memoirs of a Madman

Memoirs of a Madman or Diary of a Madman is a farcical short story by Nikolai Gogol. Along with *The Overcoat* and *The Nose*, *Diary of a Madman* is considered to be one of Gogol's greatest short stories. The tale centers on the life of a minor civil servant during the repressive era of Nicholas I. Following the format of a diary, the story shows the descent of the protagonist, Poprishchin, into insanity. *Diary of a Madman*, the only one of Gogol's works written in first person, follows diary-entry format. *Diary of a Madman* centres on the life of Poprishchin, a low-ranking civil servant and titular counsellor who yearns to be noticed by a beautiful woman, the daughter of a senior official, with whom he has fallen in love. His diary records his gradual slide into insanity.
