

Metamorphosis

METAMORPHOSIS is collection of three short stories, written by three young students in collaboration by James P. Blaylock for a class taught by Tim Powers, who provides the introduction. Mirrors, shadows, and secret rooms: the houses in which we dwell are sometimes much stranger than they seem to be, as are the people we think we know. Here are three stories of haunted places that stand waiting for you to enter, their windows shuttered, but their doors unlocked.
