

Mind

After Dina Ranger loses telepathic contact with her twin brother, Duncan, she breaks into his apartment and stumbles onto a special government unit responsible for monitoring the psychic population. She's offered a job where she can use her psionic gifts to help people. Stranded on earth over a hundred years ago, Liam of Shria is searching for a metal needed to repair his ship when he finds Dina inside an alien escape pod and narrowly saves her after she trips the alarm. As the mystery and their relationship deepens, Liam helps Dina learn the truth behind her abilities while uncovering a plot to rebuild an ancient weapon, exposing dangerous secrets about the alien presence on earth that may change the future forever.
