

# Mastering the World of Psychology Value Package (includes MyPsychLab with E-Book Student Access )

Mastering the World of Psychology is a brief, paperback text focused on supplying the most support for student learning and student success. It makes the connection between scientific principles and the everyday lives of today's diverse student population. MyPsychLab is an integral part of Mastering the World of Psychology, 3e. For this edition, we have included a walk-through of MyPsychLab, which highlights the key features of this exciting resource. The end of chapter Summary section now includes a section devoted to MyPsychLab chapter resources, allowing students to reference videos, simulations, and more. Finally, we are pleased to introduce the It Video Series to accompany the Third Edition. These videos have been developed specifically for the book and accompany each of the It chapter features (Try It, Apply It, Explain It).

[\[PDF\] Laughter; an essay on the meaning of the comic](#)
