Journalist Hunter Morgan begins researching Chen-Zamora Pharmaceuticals, a company that has found a way to mutate the Ebola virus to create a Zombie Virus or Z Virus. He uncovers a web of sinister intrigue that connects the treatment and research camp, the pharmaceutical company, U.S. government officials, the CDC and the World Health Organization. This is conspiracy theory fiction in which zombies are used as biological weapons. Boxed Set of NOVELETTES and NOVELLAS.

GENRES: Apocalyptic Science Fiction, Zombie Fiction, Conspiracy Fiction, Horror. REVIEWS: Book #1, MUTATION Z: THE EBOLA ZOMBIES: Shandy Jo, Mama Knows Books: The plot sucked me in, as it was well done and believable. This take on the pandemic angle was well done, and an interesting to see a zombie outbreak from start. I have to say this kept me on the edge of my seat, and made me want to wash my hands repeatedly. Rebecca Engelmann, Sister Sinister Speaks blog: I am VERY excited to hear that this novelette will be growing into a series! Especially because of the ending that leaves you with buggy eyes and an impressive jaw gape. Book #2, MUTATION Z: CLOSING THE BORDERS: Margaret Marr, NightsAndWeekends.com: Mutation Z: Closing the Borders is an interesting and entertaining short read with a unique premise that offers a different take on the same old zombie outbreak storyline. This installment moves the story along and

leaves you interested in reading more. You're going to want answers to the ends that are left loose, but you'll just have to wait for the third installment. I thoroughly enjoyed this read, and I anxiously wait for the next book in the series. Book #3, MUTATION Z: PROTECTING OUR OWN: Kats Inspiration Corner: Whether you are a fan of zombie or apocalyptic tales or not, this series is worth a look. You just may find that Ms Peake is your new favorite author for fiction with the ring of truth. Mallory Heart Reviews: Electrifying: Science Gone Amuck
