

Metamorphosis: The Two Moons of Rehnor, Book 7

Katie is in the midst of a midlife crisis. She's bored with her husband of thirty years, worried about her still unmarried son, and her best friend is dying of cancer. Caroline's last request sends her friends to Earth to retrieve a package left there twenty-four years ago. The package is nothing like they expect and an adventure that takes them to a distant galaxy ensues. Metamorphosis is about change in the seasons, over the years, in our lives and in our love.
