

New Choices in Natural Healing for Dogs & Cats: Over 1,000 At-Home Remedies for Your Pets Problems

Articles in Time and US News and World Reports have cited alternative medicine as the fastest-growing area in veterinary care. More than ever, pet owners are demanding facts on using these non-invasive healing methods for their pets. Author Amy Shojai has interviewed top vets across the country, including members of the Holistic Veterinary Medical Association and noted veterinarian Susan Wynn. Pet owners will learn why some vets moved away from mainstream medicine, how the Healing Instinct leads animals to their own natural cures, and how alternative therapies actually work. Readers will find tips for treating problems like aggression, fleas, and heart problems with acupressure, homeopathy, nutrition, herbs, exercise and traditional home remedies. Sidebars give Alternative Success stories and warning signs for when to call the vet. Now pet owners can be sure their pets have the same practical, holistic healing options as humans do.
