

Diary of a Lone Wolf - Lobo: Wolf Pup Kidnapping (Unofficial Minecraft) (Lone Wolf Series Book 2)

Beware: When you mess with the Alpha, you get the fangs. Much time has passed since Lobo came down the mountain and removed himself from his pack. Now a father of three tiny wolf pups, Lobo and his mate Anthena, live a peaceful life on the farm; caring for the farmer and protecting his lands, as he once protected his pack. Lobo resigns to domestic life and finds happiness in the peace and safety it provides. Then one day, a stranger appears on the farm, and with him arrives a sense of danger and unease that threatens to destroy their blissful lives. When his children suddenly disappear in the middle of the night, Lobo must return to the outside world in order to save them. Lobo is determined to track them to the ends of the earth if necessary, but will he be able to save his offspring in time? Return now to the exciting world of the alpha wolf and join Lobo on his epic quest to save his family. Do not miss out on the second installment of The Diary of a Legendary Lone Wolf Series!
