

Mastering the World of Psychology, Books a la Carte Edition (5th Edition)

Provides the Most Student Support

Mastering the World of Psychology, 5/e, provides students with more support than ever before, thanks to the Survey, Question, Read, Recite, and Review Learning Method, or SQ3R, which is integrated throughout the text. SQ3R shows students the relationship between psychological theory and learning. It is the strongest and most comprehensive program for measuring progress and attaining successful outcomes in Introductory Psychology. MyPsychLab is an integral part of the Wood/Wood/Boyd program. Engaging activities and assessments provide a teaching and learning system that measures students success. With MyPsychLab, students can watch videos on psychological research and applications, participate in virtual classic experiments, and develop critical thinking skills through writing. This title is available in a variety of formats digital and print. Pearson offers its titles on the devices students love through Pearsons MyLab products, CourseSmart, Amazon, and more. To learn more about pricing options and customization, click the Choices tab. This Book a la Carte Edition is an unbound, three-hole punched, loose-leaf version of the textbook and provides students the opportunity to personalized their book by incorporating their own notes and taking the portion of the book they need to class all at a fraction of the bound book price.
