From the Bestselling author of PARKER: THE STORY OF AN APOCALYPSE SURVIVOR comes a breakneck new zombie thriller...Tokyo has been overrun by the walking dead. Suddenly - catastrophically. But soon, Miyuki realizes that the countless horrific, lurching figures with the snapping teeth aren't the only things she has to try and avoid...For there are other survivors - and some of these survivors have seriously bad intentions...The chase is on in this one from the first page!... Action packed with lots of grisly scenes...Most highly recommended... A Navy Vet...VT townTOP 500 REVIEWERFast Paced Zombie Slasher Story... Better than many of the zombie tales out there (even just for the fact that it has a non-traditional female protagonist)... I also liked the inclusion of the viral video element of the story...
