

## Elly Hays

As the War of 1812 approached, the Creek Indian Nation was in the middle of a civil war. They fought brutally between themselves, as well as with the white settlers who were encroaching upon tribal land. After years of conflict with the white man, warrior Tafv Hokkolen began to realize a new strategy would be needed to crush the wave of settlers. He believed he could frighten them off Creek land and allow them to live to spread the word. It was during this time Ellys family moved to the eastern Mississippi Territory for the promise of low-cost land and fertile soil. She had no idea they were moving into Creek territory - into the middle of a hornets nest. Tafvs band of warriors taunted them, stealing their property, killing their animals, and destroying their livelihood. Just when the family thought things couldnt get any worse, during one of the Indian raids as Ellys husband chased the Indians away from the farm, Tafvs young son was killed in the pursuit. Tafv vowed revenge against Ellys family, and a final showdown was imminent. Elly Hays is based on the real-life story of Elizabeth Hays Rodgers and is the epic clash between a fearless warrior with nothing to lose and a young mother on the verge of losing everything.
