

*OP World of Rage (Werewolf: The Apocalypse)

The Amazon is burning. The dragons stir beneath Russia's soil. Africa is ablaze. Asia is split by the Shadow War. The Garou European homeland is under siege. There's nowhere to run. The whole world is a battlefield. But wherever the Wyrms stir, the Garou are there. No matter the city, country or continent, they rage against their foe. A World of Rage takes Werewolf to a global scale, examining how the War of Apocalypse wages around the world in the Year of Revelations. Each continent is explored in terms of human culture, native shapechangers and the latest developments in the local battle against the Wyrms. From the Amazon War to the struggles of the hengeyokai, it's all here. An entire world awaits.
