

Menagerie

Monsters aren't real. They belong to the world of storybooks and legends. Or so you have been led to believe. For the past twenty years, Gomer Horsenick has been building the world's strangest zoo. He and his ragtag group of men have explored the globe, collecting monsters of the sea, sand, sky and sewers. And now the zoo is ready to open. But not if Juniper Lowery can stop him. A fervent animal activist, Juniper gets wind of Gomer's intentions and makes it her mission to set these creatures free. When her plan backfires, the monsters flee, descending upon the nearby town. A horrific nightmare of chaos and destruction ensues. It is up to Juniper and Gomer to reconcile their differences and save the city before the terror spreads. #19 Science Fiction Bestseller #25 Sci Fi Adventure Bestseller #29 Horror Bestseller
