

Pistols Grip (An Urban Love Tale) (Volume 1)

When Daisha's boyfriend Raekwan takes his jealous, possessive antics to the next level, a mysterious stranger named Pistol intervenes. After he nurses her wounds, she disappears the next morning leaving him to wonder if she will be okay. Pistol has never really cared about anyone other than his mother and younger brothers. When he and Daisha cross paths, he suddenly finds himself giving a damn about someone else. His thoughts are consumed by her when he knows that he is not built for love. Not with the lifestyle he lives. Daisha can't stop thinking about Pistol, but with her history of bad relationships with men and her mother, she knows that pursuing something new is the last thing she should be thinking about. Instead she feels that she should be focusing on bettering herself. However, Pistol just seems to have some type of grip on her. With both of them facing the fact that being together is a bad idea, they just seem like two moths to a flame.
