

Raising Children with ADHD: Understanding ADHD and How to Create a Happy Home

Attention Deficit Hyperactive Disorder (ADHD) is a behavioral diagnosis that affects approximately 10% of children and grows with many into adulthood. Parents and caregivers have to triple their monitoring of these children who are in their care. This can be a frustrating endeavor. This book contains proven steps and strategies on how to manage and control children who have been diagnosed with Attention Deficit Hyperactive Disorder (ADHD), so as to make everyone's life less frustrating, as well as help develop them into more productive individuals than what is prescribed by their disorder. Thanks again for downloading this book, I hope you enjoy it!
