

# Aurora

A book of my poetry and art started in 2005 and finished in 2015. I hope it will inspire or has inspired you to be better at whatever you wish to accomplish. I want you to see the stories with open eyes and wild imagination. No one is right and no one is wrong about my meaning. These poems are me but they are also everyone else and then some. They are a living, breathing entity that you want to hold close and push away at the same time. They are a new dawn and new beginnings. They are Aurora.
