

## Battletech 42: Prince of Havoc: Twilight of the Clans VII (Battletech)

Trained to be the Inner Spheres finest warrior, Prince Victor-Steiner Davion has only known one enemy in battle: the Clans. A year earlier he led a massive counter-strike against the Smoke Jaguar Clan, pursuing them all the way to their homeworld. He then faced all of the Clans in one last battle for supremacy. But for a man of war like Prince Victor, can there ever be peace? When he returns home he finds the Inner Sphere in tatters, with a new order in power...leaving him a hero without a home.
