

Project Blue Moon II: Secrets Of The Red Planet

Strap yourself in for an exciting cosmic journey! The trail from Project Blue Moon leads deep into space. Will the surface of the Red Planet yield the truth? The fate of the world again hangs in the balance as more of the secrets of highly classified Project Blue Moon are revealed. Read the next raucous chapter of this science fiction experience as author Dolon N. Ares tells all for the world to hear. With the previous publication of Project Blue Moon the Conspiracy In Plain Sight has been revealed. We now know the truth behind the Moon landings and UFO sightings in the skies above our world. We are confident that we are now aware of the threat that circles the globe above us every day. But should we be so sure? Is there more to this story? Is there another hidden conspiracy behind the events in the skies above us? Does the Red Planet hold the key to events that occurred thousands of years ago that still affect us today? Can Cassandra Hera be trusted or is Claudia Quinta illuminating the truth? Former CIA agent Adam Smith has discovered the real truth. In Project Blue Moon II you learn the Secrets of the Red Planet as ancient truths are divulged in a daring adventure that will change the world forever.
