

Groundbreakers: Pack B

This pack of five biographies explores the lives and achievements of five important inventors and pioneers of science. As well as providing a full life story and analysis of their work, the books place their achievements in context by looking at the technological and historical context of the time. The books include quotes and writings from newspapers and journals of the time; a look at the ongoing impact of the scientists/engineers work; and information about his rivals and the men and women who affected his life and work.
