

Psychology: IUPsyS Global Resource CD-ROM: Edition 2007 (Special Issues of the International Journal of Psychology)

Published as part of the International Journal of Psychology, and distributed annually to all journal subscribers, the Resource is an electronic collection of information resources on international psychology, first published in 2000 and annually updated and expanded. New additions for the 2007 version include: Full text of the Proceedings of the XXVII International Congress of Psychology (ICP) held in Stockholm, 2000; Addition of full text of a Special issue on the indigenous psychologies by Allwood and Berry to Origins; New Fogarty International Centers Directory of Grants and Fellowships in the Global Health Sciences; Selected Policy Briefings published by the Society for the Psychological Study of Social Issues (SPSSI); Addition of Country Home Pages allowing easy navigation to specific country entries within the major directories on the CD-ROM. Updated sections include: Directory of Major Institutions for Psychological Research and Training; Psychology Throughout the World: A Descriptive Tour and National Contacts; Annotated Bibliography for Internationalizing the Undergraduate Psychology Curriculum and main Bibliography; International Psychology Information Clearinghouse (APA Division 52); Directory of International Associations in Psychology; Timeline.
