

## Pursuing The Madam 2

Just when Kaiah and Deonte were getting back on track from his infidelity, a blast from his past comes in and causes yet another disturbance in their relationship. Angel finally got Kaison to settle down but will fear of her occupation and what people think of her get in the way of them being together? Kaily and Carlos relationship may look perfect from the outside but behind closed doors its like a battlefield. If thats not enough, Kaily has to deal with the fact that everything she thought she knew about her parents was a lie. Tired of hiding secrets from her family, Dolly finally finds the courage to reveal what has been haunting her for years and hopefully this will help bring her and her daughter closer together. Does love truly conquer all or will these relationships be torn apart from outside forces that would love to see them fall?
