

# Rain Gardens for the Pacific Northwest

Rain Gardens for the Pacific Northwest shows you how to trap and filter dirty water safely in your yard and how to do that with a beautiful addition to your home that you will be proud of. Zsafia Pasztor, a Certified Professional Horticulturalist (CPH), shares what she's learned over the years experimenting with rain gardens in the challenging clay and hardpan soils of the region. With photos and illustrations throughout, lists of best plants, and a comprehensive resources section, this easy-to-use guide shows Northwest gardeners, homeowners, and DIY-ers how to plan, design, install, and maintain their own healthy, natural, and beautiful rain garden.
