

Rights

You're not alone. You'll never be alone... Left with nothing. Stripped of freedom. Facing his own mortality, a man finds himself in a refugee camp on an alien world, reflecting on the choices that had brought him there as he acclimates to his new life. Betrayed by his country, cut off from everyone he held dear, he is left praying to a God in whom he no longer believes. As the harsh reality of the prison settles in, it becomes evident there is more at work than what is apparent. Struggling to decide between redemption and revenge, he clings to the remnants of his humanity through the very memories that haunt him. While reliving the past, events in the present become eerily familiar, leaving him to wonder if the past truly does repeat itself, and how his choices the second time around can change the consequences. Mixing philosophy and religion in a world of science fiction and mystery, *RIGHTS* delves into the deeper questions through the thoughts of a man who has lost his very soul.
