

Im The Only One You Need

Mika Windsors life was slowing becoming perfect. From her new job to her man, everything was falling into place for her; until her ex suddenly pops back into the picture. She tries to avoid him, but when constant reminders of their relationship continues to haunt her, she starts to question everything about her life and her future. Devin Myers had made a few mistakes in his past, but the one thing he has always had hope in was his relationship with Mika. She was the love of his life and despite all of the obstacles the two has faced, he knew they were destined to be together. While serving time in prison, he planned to reclaim everything that he has lost, including Mika. When an opportunity came to him, he figured that was the perfect moment to get his girl back; but will it be too late? Anthony Harper has been Mikas new man for almost two years and he loves her unconditionally. But as skeletons began to slowly come out of his closet, Anthony doesnt know what to do, which can ultimately affect his relationship with Mika. Will he be able to cover up his betrayal or will it all come crashing down? Find out what happens when three lives are forever changed in Im The Only One You Need.
