

Sasol First Field Guide to Grasses of Southern Africa

Sasol First Field Guide to Grasses of Southern Africa provides an introduction to grasses and a guide to 44 southern African species. These represent conspicuous, widespread grasses, weedy roadside species, invasive aliens, and horticulturally useful grasses as well as important indigenous food species. Full-colour photographs, distribution maps and easy-to-read text make this a useful guide for the beginner and budding naturalist and a pathway to discovering the unique features and uses of some of the large variety of southern Africa's grasses.
