

Shadow of the Streets: The Counsel

Everything has a pattern that can be followed. The streets and their codes are about to be decoded by an unsuspecting Jeremiah Eddison and used to the fullest extent of the word. With help from Andrew Maxiel, Jeremiah will seek to establish a ruthless gang on the Streets of Boston to take over drug routes. Their enemies will know what pain is, the city will be gripped by fear, and the streets will run with blood as the new shadow takes over.
