

Channel Skin

A masterful return to the fore. SFX Welcome to the new interface. Channel SKIN tells the story of Nola Blue: pop prodigy, the girl every teen wants to be, or be with. She has talent, hit tunes, international fame, everything she could possibly want. But when she begins to pick up TV signals on her skin, Nola is forced on a journey far beyond the boundaries of the mega-stardom she was moulded for. This is a Frankenstein tale for the X-Factor Generation. Saturated with the same parasitic media that prey on Nola, Channel SKIN broadcasts Noons lyrical mastery on a viral frequency. A stylish post-modern gospel_Pornokitsch
