

Smuggler Elf (Smuggler Elf Chronicles)

Harmon Aymar is the Smuggler Elf. Harm is a consummate hacker, a League class smuggler, and a really nice guy, unless hes turned over control of his body to Atmar, his evil personality. Harmons had some tough times but he always comes out on top with a little help from his superior intellect or his Inspector friend, Xura, and her weresheep buddies. Hes often at odds with his human wife, a member of the prestigious Elf Marine Expeditionary Force. They have an elfling daughter, Aerit, who is struggling to find her way in the world. Harms colorful past makes his family connections difficult until he reconnects with his twin sister. Harms hobbies include creating gadgets when hes bored, like the squirrel with a synth body he printed himself or the hacker ball, known as a HaB, that can interface with any computer. Follow the adventures of Harmon smuggler, husband, hacker, father, biocyberneticist, brother, hero, cousin, and prince.
