

The Flood

The Flood is rooted in old fashioned adventure/horror not unlike the approach to horror popularized by Stephen Kings classic tale The Mist wherein a Big Government Black Project is responsible for ripping through the fabric of our universe and allowing Lovecraftian horrors to be unleashed! The Flood pits a suburban family against water borne terrors and we see how people are affected, or not, by the flood that has isolated them and destroyed both society and the environment. The Flood, amidst all the monsters, ichor, slime, and infested water, asks the Big Question: What would YOU do?
