

Tankbread

Ten years ago humanity lost the war for survival. Now intelligent zombies rule the world. Feeding the undead of a steady diet of cloned people called Tankbread, the survivors live in a dangerous world on the brink of final extinction. One outlaw courier must go on a journey through the post-apocalyptic wasteland of Australia. Fighting his way into the very heart of the apocalypse in the desperate search for a way to save the last humans and destroy the undead threat. His only companion is a girl with an extraordinary secret. Her name is Else, and she's Tankbread. A guts and glory joyride into very dark territory. Very nasty and lots of fun! --Jonathan Maberry, New York Times bestselling author of DEAD OF NIGHT and DUST & DECAY Sink your teeth into an Australia where the zombies are in charge--you won't be disappointed. --Rocky Wood, author of STEPHEN KING: A LITERARY COMPANION A blast from start to finish. A breathless, country-crossing zombie epic--kind of like Mad Max colliding head on with Dawn of the Dead. TANKBREAD is a unique and very entertaining entry in the over-saturated zombie genre. --David Moody, author of the AUTUMN and HATER series
