

# Tell Me Where It Hurts: Humor, Healing and Hope in my Life as an Animal Surgeon

From the frontlines of modern medicine, Tell Me Where It Hurts is a fascinating insider portrait of a veterinarian, his furry patients, and the blend of old-fashioned instincts and cutting-edge technology that defines pet care in the 21st century. Dr. Trout takes the listener on a vicarious journey through 24 intimate, heartrending hours in his life. His wry, companionable voice offers enlightening and engaging anecdotes about cuddly (or not-so-cuddly) pets and their variously zany, desperate, and demanding owners. If you've ever had a pet or special place in your heart for furry friends, Dr. Trout's inspiring account of loving and healing animals is for you.
