

The Alex Cave Series. Book 2. Cold Energy

A great sequel to Dead Energy. Get ready for thrilling scenarios, exhilarating situations, and nail-biting suspense. A fantastic ride from this bestselling and award-winning author. Geology instructor Alex Cave receives an urgent message from a friend in Northern Canada. The Polar Ice Sheet is mysteriously expanding by thousands of square miles in a matter of minutes. Even more unsettling, the ice is crystal-clear. He begins a desperate race to find the cause and joins the crew on board a high-tech research ship called Mystic, but the Captain has other plans for the stealthy craft and changes course to an unknown island in the Bering Sea. He expects to find a horde of treasure stashed by the Nazis near the end of WWII, but what he discovers is even more incredible than he could ever imagine. The ice sheet continues expanding at an alarming rate, trapping anything in its path, and will cover the planet in a matter of days. Can Alex find a way to stop the world from entering a new ice age?
