

The Art of the Houdini Scientist...: TR Nowry

The Art of the Houdini Scientist, and the other soulless zombies who were never here... Some savants can play concert-level piano at the age of five, without ever taking a lesson. Others can do advanced math in their heads, draw a Picasso with crayons, or recite every word theyve ever heard. Her piano was a lathe, a plasma cutter, and an automated mill. And the songs she played shook the world. This is the prequel to The Hummingbird Series
