What subtle strange message had come to her out of the West? Carley Burch laid the letter in her lap and gazed dreamily through the window. It was a day typical of early April in New York, rather cold and gray, with steely sunlight. Spring breathed in the air, but the women passing along Fifty-seventh Street wore furs and wraps. She heard the distant clatter of an L train and then the hum of a motor car. A hurdy-gurdy jarred into the interval of quiet. - Zane Grey, The Call of the Canyon

Zane Grey (1872-1939) was an American author best known for his popular adventure novels and stories that were a basis for the Western genre in literature and the arts. With his veracity and emotional intensity, he connected with millions of readers worldwide, during peacetime and war, and inspired many Western writers who followed him. Grey was a major force in shaping the myths of the Old West; his books and stories were adapted into other media, such as film and TV productions. He was the author of more than 90 books, some published posthumously and/or based on serials originally published in magazines.
