

## The Day I Shot Cupid: Hello, My Name Is Jennifer Love Hewitt and Im a Love-aholic

For any woman who has ever bought a self-help book and wondered why she bothered. (P.S. Now that I know hes just not that into me, where do I go from there? Yeah, thanks for that advice.) Jennifer Love Hewitt is a self-proclaimed love-aholic and hopeless romantic (her middle name is Love, after all!). She has been lucky and unlucky in love, and lived to tell--and shes done it all in the spotlight. Much has been written about her love life--some true, most made up to sell magazines. Now Hewitt shares the real story of what shes learned navigating the dangerous dating waters. In *The Day I Shot Cupid*, Hewitt offers her hard-won wisdom and tells us how to embrace love with both feet on the ground. First, we have to shoot Cupid. We have to believe that happily-ever-after is hard work--its not all flowers and symphonies and floating hearts. Wise and wry and refreshingly honest, Hewitt talks about how to pick the right guy and how to know when to let the wrong ones go free, and she offers some surprising truths about the opposite sex. From twenty things to do after a breakup, to ten things to do before a date, to the perils of text flirting (Note: You are waiting. By the phone. For his response.), Hewitt uses stories and dating secrets to illustrate the idiotic, romantic, crazy, depressing, hilarious, awkward, glorious moments we all experience in relationships. Funny, quirky, and empowering, *The Day I Shot Cupid* deserves a place on every womans nightstand, bookshelf, or coffee table, or tucked inside her oversized designer handbag.
