

E is for Eternity (E is for Evelyn Book 3)

After Dr. Murdox's psychic machine, Evelyn, is built, it does just as he planned it. It can tell the future and decide what actions the world should take. Unfortunately, Evelyn does not just read the future. The machine causes a war between major countries and causes rifts to form. After millennia of fighting, Earth is destroyed and the people are forced to re-locate on three separate planets. The winners of the war live on the planet of abundance, Milica, along with the machine, Evelyn. The losers of the war live on a desolate, hot, degraded world called Annona. When Clarimonde, a headstrong young woman who lives on Milica, is sent by her father to visit Annona, she has no idea her whole life is about to change.
