

The Frozen Deep

It was journeys eve; tomorrow on the morning tide the _Wanderer_ and the _Sea Mew_ were to sail in search of the Northwest Passage. Here in the wild Highlands of Scotland the superstition called the Second Sight is still respected as truth. And the girl in the ballroom profess to see into the future. In a moment will fall into a tranc. She will see people in distant countries, and foretell events to come. And what she will foretell will be a harrowing tale indeed. (Jacketless library hardcover.)
